

## **Compact Flash Compatibility Chart** **for Focus Recorders**

The Focus FS-H200 and FS-CF Series records to industry-standard Compact Flash (CF) Type I cards, rated at minimum 30MB/s write speed. CF Type II cards, CF I/O cards, and Compact Flash adapter cards are not supported.

The following cards have been factory qualified and are approved for use with Focus FS-H200 and FS-CF Series DTE Video Recorder:

| <b><u>Compact Flash Type</u></b>                | <b><u>Manufacturer's P/N<sup>1</sup></u></b> |
|---|--|
| <b>SanDisk Extreme Pro 64GB (90MB/s)</b>        | <b>SDCFXP-064G-A91</b>                       |
| <b>SanDisk Extreme Pro 32GB (90MB/s)</b>        | <b>SDCFXP-032G-A91</b>                       |
| <b>SanDisk Extreme Pro 16GB (90MB/s)</b>        | <b>SDCFXP-016G-A91</b>                       |
| <b>SanDisk Extreme 64GB (60MB/s)</b>            | <b>SDCFX-064G-A61</b>                        |
| <b>SanDisk Extreme 32GB (60MB/s)</b>            | <b>SDCFX-032G-A61</b>                        |
| <b>SanDisk Extreme 16GB (60MB/s)</b>            | <b>SDCFX-016G-A61</b>                        |
| <b>SanDisk Extreme 8GB (60MB/s)</b>             | <b>SDCFX-008G-A61</b>                        |
| <b>SanDisk Extreme IV 16GB</b>                  | <b>SDCFX4-016G-901</b>                       |
| <b>Transcend 600X 32GB (90MB/s)<sup>2</sup></b> | <b>TS32GCF600</b>                            |
| <b>Transcend 400X 64GB (90MB/s)<sup>2</sup></b> | <b>TS64GCF400</b>                            |

<sup>1</sup> Please check with the CF manufacturer for up-to-date P/N as changes may have occurred

<sup>2</sup> Does Not support Hot-Swap capability on FS-H200 and FS-CF Series DTE Recorders

<sup>3</sup> Qualified with Auto-proxy set to "Off"
